♥ Python 3  
Unix, Git, R, C++

## operating systems

♥ Mac OS  
Linux, Windows

## research interests

(Dependency) Parsing  
Universal  
Dependencies  
Treebanks  
Swedish  
NLP

## advisors

Sandra Kübler *present*  
Francis Tyers *present*  
Stefanie Wulff *previous*

## Education

2018–	<b>PhD</b> Computational Linguistics; Minor: Informatics	Indiana University
2016–2018	<b>MA</b> Computational Linguistics	Indiana University
2012–2014	<b>BA</b> Linguistics	University of Florida
2011–2012	<b>AA</b> Modern Foreign Languages	Daytona State College

## Research

Spring 2020	<b>Linköpings universitet</b> Semester Abroad I studied Swedish A1 and A2 at LiU. I also took an NLP class with Dr. Marco Kuhlmann in the Department of Computer and Information Science (IDA). I was also a member of the NLPLAB.	Linköping, Sweden
2014	<b>University of Florida Corpus Linguistics Lab</b> <i>Research Volunteer</i> I assisted with the coding of corpus data consisting of utterances from Korean Learners of English for a research project supervised by Dr. Stefanie Wulff.	Gainesville, Florida USA

## Selected Coursework

2019	<b>Chargé d'enseignement</b> BIO2041 (Biostatistiques 1)	Université de Montréal
2019	<b>Chargé d'enseignement invité (1 cours)</b> BIO2042 (Biostatistiques 2)	Université de Montréal

## Work Experience

2018–	<b>LINGUIST List</b> <i>Managing Editor, Careers Editor, Social Media Correspondent, Invoicing Officer</i> I am responsible for ensuring all editorial tasks are running smoothly and efficiently. I edit and post all career postings on our site, perform all social media boosts, respond to Facebook messages, and monitor comments. I am also responsible for creating and sending out all invoices for The LINGUIST List.	Bloomington, Indiana USA
2015–2016	<b>Geek Squad</b> <i>Consultation Agent</i> My job consisted of troubleshooting computer problems prior to them being checked in for repair. I was responsible for solving basic computer issues on the counter and for suggesting the best course of action for the client if the computer is beyond repair.	Gainesville, Florida & Bloomington, Indiana USA
